

Modular Approval Request

FCC ID: 2AHAB-TX99

To Whom It May Concern:

Pursuant to Section 15.212(a)(1) of the FCC rules, the Applicant, request for single modular approval, compliance with the requirements are addressed below.

Modular approval requirement	Yes	No
1. The radio elements must have the radio frequency	Yes	
circuitry shielded. Physical components and tuning		
capacitor(s) may be located external to the shield, but must		
be on the module assembly;	Vac	
2. The modular transmitter must have buffered	Yes	
modulation/data inputs (if such inputs are provided) to ensure that the module will comply with requirements under		
conditions of excessive data rates or over-modulation.		
3. The module must contain power supply regulation on the	Yes,	
module.	internal to	
	radio IC	
4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c).	Yes	
5. The module must demonstrate compliance in a stand-	Yes	
alone configuration.		
6. The modular transmitter must be labeled with its own	Yes	
FCC ID number, and, if the FCC ID is not visible when the		
module is installed inside another device, then the outside of		
the device into which the module is installed must also		
display a label referring to the enclosed module. This		
exterior label can use wording such as the following:		
"Contains Transmitter Module FCC ID: XYZMODEL1" or	1	

"Contains FCC ID: XYZMODEL1." Any similar wording		
that expresses the same meaning may be used. The Grantee		
may either provide such a label, an example of which must		
be included in the application for equipment authorization,		
or, must provide adequate instructions along with the		
module which explain this requirement. In the latter case, a		
copy of these instructions must be included in the		
application for equipment authorization.		
7. The modular transmitter must comply with any specific	Yes	
rule or operating requirements applicable to the transmitter		
and the manufacturer must provide adequate instructions		
along with the module to explain any such requirements. A		
copy of these instructions must be included in the		
application for equipment authorization		
8. The modular transmitter must comply with any applicable	Yes	
RF exposure requirements. For example, FCC Rules in		
Sections 2.1091, 2.1093.
